Offer #2024-07699

PhD Position F/M hybrid aircraft energy management planning

Contract type: Fixed-term contract
Level of qualifications required: Graduate degree or equivalent
Function: PhD Position

Assignment

INRIA Nancy and Airbus AI Research in Toulouse are seeking one PhD student to work on the automated control of hybrid aircraft energy management. The thesis aims to generate short-term and long-term control policies, with dynamics, states and actions that are both continuous and discrete, by hybridizing model-based and data-driven approaches.

The description of the PhD, as well as the procedure to apply, can be found on the following webpage (English version at the bottom of the page): https://ag.wd3.myworkdayjobs.com/en-US/Airbus/job/XMLNAME--CIFRE--Thse-optimisation-de-la-gestion-d-nergie-d-un-avion-hybride_JR10260561

About Inria

Inria is the French national research institute dedicated to digital science and technology. It employs 2,600 people. Its 200 agile project teams, generally run jointly with academic partners, include more than 3,500 scientists and engineers working to meet the challenges of digital technology, often at the interface with other disciplines. The Institute also employs numerous talents in over forty different professions. 900 research support staff contribute to the preparation and development of scientific and entrepreneurial projects that have a worldwide impact.
Instruction to apply

Defence Security:
This position is likely to be situated in a restricted area (ZRR), as defined in Decree No. 2011-1425 relating to the protection of national scientific and technical potential (PPST). Authorisation to enter an area is granted by the director of the unit, following a favourable Ministerial decision, as defined in the decree of 3 July 2012 relating to the PPST. An unfavourable Ministerial decision in respect of a position situated in a ZRR would result in the cancellation of the appointment.

Recruitment Policy:
As part of its diversity policy, all Inria positions are accessible to people with disabilities.
